ACTIONS

### CUSTOM ACTIONS

Shelly Plus Plug S can trigger other smart devices in your home network and customize the actions.

### FULLY COMPATIBLE

It is fully compatible with Alexa, Home Assistant, SmartThings, and other home automation platforms.

### SMART SCHEDULING

Use Smart Scheduling to customize actions considering the day, hour, sunset/sunrise, or other available data.

### SCRIPTING ENABLED

Get enhanced functionalities and additional processes settings for a specific integration or function.

### LED NIGHT LIGHT

Set the color and the level of glow for your Shelly Plus Plug S LED indication and use it as subtle light at night.

### SAFETY COVER

Designed with a special protection cover to secure maximum safety for the youngest family members.
