

# Shelly<sup>®</sup>RGBW2

## Wi-Fi RGBW LED controller

Make your LED strips smart without additional investment. Shelly RGBW2 connects like any LED controller. The main benefit is that you will be able to control your light directly from your mobile phone.

### Sunrise/sunset schedules

Shelly RGBW2 will automatically follow the sunrise and sunset and can control your lighting accordingly.

### Wireless

No hub required - connect shelly rgbw2 directly to your wi-fi at home.

### Control remotely

Control the led lighting at home, no matter where you are. Now you won't be leaving the lights on and your home won't welcome you in darkness.

### Color effects

The 6 unique colorful effects will set the mood for your party or help you relax at home.

### Weekly schedules

Choose a time and set your hidden lighting to turn on/off or change color.

### Highly compatible

Compatible with android, ios, amazon alexa and google assistant.
